

Board Meeting:	September 18, 2017
Solicitation No.:	17-036LB
Description:	<p>Classroom Instructional Learning Materials, Equipment, Supplies & Related Materials:</p> <p><u>Recommendation</u></p> <p>The Administration is seeking Board approval of the vendors on the Classroom Instructional Learning Materials, Equipment, Supplies and Related Items Bid Vendor list.</p> <p><u>Summary</u></p> <p>While all vendors recommended are potential suppliers, the level of expenditure for each supplier is at the discretion of the Teaching and Learning Departments based on District needs.</p> <p>Instructional materials are utilized to support the Texas Essential Knowledge and Skills (TEKS), strategies, activities, and assessments that comprise the District curriculum. Recommended materials on the list include items appropriate for English Language Arts, Math, Science, Social Studies, Health, World Languages, CTE, and Early Childhood. Vendors offering resources for Advanced Placement, ESL/Bilingual, Gifted and Talented, and Special Education are also included.</p> <p><u>Background</u></p> <p>To support all students in reaching their full potential, FBISD offers a robust Pre K – 12 curriculum. To meet the expectations of the TEKS and the full scope of the curriculum, staff utilizes instructional materials to assist students and teachers in the learning process. The District periodically issues a request for proposals for instructional materials to allow vendors to gain pre-approved status in conducting business with campuses and departments.</p> <p>In the spring of 2017, staff issued an RFP for instructional materials to renew and update the District’s list of pre-approved vendors. Creating a pre-approved list of vendors streamlines ordering and contracting for goods and services in smaller increments often used by campuses or departments. RFP 17-036LB specifically focused on catalog vendors for the core subject areas, Health, and CTE. It specifically did not include textbooks, technology devices, software, or Fine Arts vendors as the District procures those resources through other bids. Non-instructional materials and services were also outside of the scope of this bid.</p>

A team comprised of thirty individuals from departments in Academic Affairs including the Literacy team, the STEM team, Multilingual Services, Teacher Development, and Instructional Resources reviewed and scored proposals. Two people scored each proposal using a standardized rubric. The list of recommended vendors represents vendors who completed all appropriate portions of the RFP and met criteria included in the rubric.

District-wide expenditures last year were \$2.25 million for these resources. Total expenditures under this bid will not exceed \$3 million per year, which includes a 25 percent contingency and allotment for growth over the next four renewal periods. Funds used are General Funds, Title Funds and Campus Activity Funds.

Materials on the list include items appropriate for English Language Arts, Math, Science, Social Studies, Health, World Languages, CTE, and Early Childhood. Vendors offering resources for Advanced Placement, ESL/Bilingual, Gifted and Talented, and Special Education are also represented. While all vendors listed below are potential suppliers, the level of expenditure for each supplier is at the discretion of the Academic Affairs Departments based on District needs.
